FEATURED SPEAKERS:

UAW President Shawn Fain, UAW Vice President Laura Dickerson, UAW Region 4 Director Brandon Campbell, UAW Local 807 President Nick Guernsey, Jon Billups, Mayor of Burlington and others invited.

Generations of Burlington workers have built the machines that feed the world.

We've powered America's farms, strengthened our community, and made CNH the company it is today.

Now CNH wants to walk away — turning its back on the workers, the families, and the town that built it. We won't stand by while corporate greed threatens our jobs and our community's future.

JOIN US. STAND UP. SPEAK OUT.

Together, we can save our plant — and show CNH that this town won't be forgotten.

PROTECT GOOD IOWA JOBS
