

**OFFICIAL CALL TO THE
2022 VIRTUAL UAW COMMUNITY SERVICES CONFERENCE
December 8, 2022**

The UAW Education Department will virtually hold its annual Community Services Conference on December 8, 2022. The conference will be held online via Zoom.

Conference Program

Thursday, December 8
10:00 a.m. to 4:00 p.m. ET

The Community Services Committee is the bridge builder between our union and our communities and plays a vital role in our locals during natural disasters, strikes, layoffs, and plant closings. This conference is a good fit for seasoned and new Community Services Committee members. Workshops will be a mixture of lectures and breakouts to provide engagement and collaboration opportunities. Workshops will cover topics, including:

- Understanding the purpose and role of the Community Services Committee (CSC)
- How the CSC aligns with UAW's core values
- Importance of working with community partners
- Collaboration with other standing committees
- Best practices and tips for running the committee
- The CSC's role in layoffs, closings, and strikes
- Disaster preparedness

Eligibility to Attend

This conference is open to UAW members in good standing who are serving on their local union Community Services Committee or for those interested in starting a Community Services Committee. Local unions are encouraged to register first-time delegates who have not previously attended similar programs. Capacity is limited to 150 delegates.

For the best virtual conference experience, delegates must use a computer or a tablet with a camera, not a smartphone. Connecting via phone will not allow full participation in the virtual conference experience. There will not be a dial-in option; delegates will only be able to connect via a link on a computer or tablet. Delegates will also need a stable internet connection.

There will be a lunch break during the conference. Delegates should plan on having their lunch readily available to ensure they are back in the zoom conference room on time.

Registration

Local unions must register their delegates in the Local Union Information System (LUIS) via this link:

Website: <https://conference.uaw.org/communityService.php>

Username: **Community2022**

Password: **2022Service**

Registration is open from now until **November 18, 2022**.

Local unions should not share the login to LUIS registration. Only local union presidents or financial secretaries should register delegates.

The conference registration fee is \$20 per delegate and must be paid by local unions using ACH. This registration fee covers the cost of printing and mailing conference materials directly to participants. Local unions will pay online through LUIS by choosing the "Submit a Payment" option under the conference menu. Funds will not be withdrawn from local unions until the region approves the delegates. This process will take place after online registration closes on November 18, 2022.

In registering delegates for this conference, local unions **must** provide each delegate's personal (**non-work**) email and mailing address. The conference link will be emailed to the approved delegates' personal email, and the conference materials will be sent to their personal addresses.

Cancellations and Refunds

Registration fees are nonrefundable because we will begin mailing conference materials immediately upon the region's approval of delegates. As previously stated, the registration fee of \$20 covers the cost of printing and mailing those materials. Similarly, **registrations are not transferrable, and conference delegates are asked not to share any links. Only approved registered delegates will be admitted to the zoom conference.**

Regional Allocations and Approval Process

Between November 21-24, 2022, regions (Regional Director, Assistant Director, Regional Education Staff) will be given access to a list of their registered delegates through LUIS. Regions should then approve their delegates by November 25, 2022, to meet their respective allocation indicated in the chart below.

Allocation								
Conference Capacity	Reg. 1	Reg. 1A	Reg. 1D	Reg. 2B	Reg. 4	Reg. 8	Reg. 9	Reg. 9A
150	18	17	17	26	25	27	7	13

The approved delegates will be notified via email on November 25, 2022, that their registration is complete. ACH will charge the local union the registration fee(s) for approved delegates, and approved delegates will receive further information about the conference. Delegates who are not approved will be notified via email that the conference capacity is full, but they will be placed on a waitlist.

Attached you will find an FAQ sheet that should be shared with local unions to pass on to delegates.

In solidarity,

A handwritten signature in black ink that reads "Ray Curry". The signature is written in a cursive, flowing style.

Virtual Community Services Conference

December 8 , 2022

What will be covered at this conference?

We are going to cover the purpose and role of the Community Services Committee (CSC), how the CSC aligns with the UAW's core values, and the importance of working with community partners and collaborating with other standing committees. We will also provide best practices and tips for running the committee and discuss the CSC's role in layoffs, closings, strikes, and disaster preparedness.

If my local union registers me, am I automatically a delegate to the conference?

Just like our in-person conferences, regions approve all delegates based on their allocated number of slots. This is because we have limited capacity for conferences, including virtual ones. We want to ensure we have adequate staffing for a good conference experience. Depending on the level of interest, some registrants may be put on a waitlist. On or about November 25, 2022, we will notify everyone if they are a delegate or on the waitlist. At that time, we will also mail conference materials to delegates at their personal address.

How do I participate in the conference?

For the best virtual conference experience, you will need a computer or a tablet with a camera. We advise you not to use your smartphone, as your conference experience would be limited. You should also download the latest version of Zoom (<https://zoom.us/download> or get the app from your app store). If you already have Zoom, make sure you have the latest updated version. You will have access to the conference via a web link, which will be sent to your personal email address a couple of days before the conference. You will have the best virtual conference experience using the Zoom app rather than a web browser. Be sure to test your computer/tablet ahead of time to ensure that the microphone and speakers work. You will also need a stable internet connection. Conference materials will be mailed to you before the event. You do not have to review them before the start of our conference. However, please have your materials with you during the conference for the best learning experience.

Do I have to turn on my camera?

Yes, we want to see you! Our conferences at the UAW Education Center are fueled by education and solidarity, and we want to capture that spirit in our virtual conference. Our program includes larger sessions as well as breakouts where you will work in smaller groups. Of course, we understand if you need to shut off your camera for a moment, but you should quickly join us again with your video.

Is attendance taken?

We take attendance at all our conferences, including virtual ones. Information is then shared with the regions.

Will there be a lunch break?

Yes, we will have a lunch break, during which we will leave the zoom room open for chatting with other participants. Please have your lunch readily available so you have time to eat and jump back in when the conference reconvenes.

Whom do I contact if I do not receive my conference materials?

If you have not received your conference materials by December 2, 2022, email us at education@uaw.net with your name, local union, and home mailing address.

I can't attend the conference. Can I give my login credentials to someone else?

No, your login credentials should not be shared with others. If you are unable to attend the conference, please notify your local union immediately and email education@uaw.net to let the National Education Department know. We will work with your region to fill your spot with someone from the waitlist.

I've never used Zoom before. Can I get help using it?

Yes! Each delegate will receive a Zoom tutorial guide via email prior to the conference.

Whom can I contact with questions?

You may email education@uaw.net with your name, cell number, local union number, and question(s), and someone will follow up with you.
