

Email from President Matt Frantzen on Thursday, March 6, 2025.

Morning. This may be one of the toughest things I have had to do as President of this Local. Charrise and Dave have always gone above and beyond for this membership. Over the years, they have helped craft National language that not only helped our members, but all of the members throughout the country. We have the best Benefits Reps in the Corporation. With, after several conversations (begging and pleading) with them, they will be moving on. Which makes the posting below necessary.

Please read through the posting. You'll notice that it says, "Up to 2 positions", with our current state here at the plant, we may not be able to fill both positions at this time. Corporate would have to agree to allow for two. Contractually, we only get one while we are idled.
