Additional Information

- If you have been laid off in Belvidere and have not transferred anywhere, you are already on the plant's recall list. There's nothing you need to do at this time.

- The members that are here on temp layoff in Belvidere (Assembly/Mopar) do not have to worry about their call back rights expiring. We would have an issue with call back rights if we were on an indefinite layoff, this is not the case for us.

- Wage rate increases- if you've been on layoff and missed any pay increases, you will get those once you are back on roll.

- Last week, I sent information on ComEd coming to the plant to shut down the power for a day. This has since been postponed to a later date. We don't have that date at this time.
