## UNEMPLOYMENT INFO FOR UNIT 17 BELVIDERE MOPAR LAYOFFS

### For 2026 Refiling of IDES

Greetings Brothers and Sisters;

Most of you have previously filed for IDES benefits, so you will find the process to still be the same. **Remember to check your UI Finding Sheet that you are currently using to know when your Benefit year ends!!!** When you submit your SUB next week, double click on the sheet you attach! In the bottom right side you will find your benefit year end date. This is all that FCA cares about!!

The vast majority of you will find that your benefit year is up as of 06/01/2026, **BUT NOT EVERYONE!!!** You must wait until your benefit year is up to file a new IDES claim.

**Most recent start date- 12/11/2023**

**Last day worked- 05/31/2024**

**Number of days worked- 5**

**Days per week worked- 5**

**Number of weeks- 1**

**Laid off/ Lack of work**

**Production (51)**

The 1268 hall is also willing to help members file for their claim! Please feel free to call or stop down at the hall when you need to file your claim. Do not sleep on this requirement!!! You now have the same people approving your SUB claims as Unit 1 employees do, they are constantly under intense scrutiny to make sure everything, including proper documentation, is correct.

United We Stand Strong,

Michael G. Moe
