PDC- Unit 17 SUB Pay

For anyone currently in Unit 17 (PDC) we've been in contact with the sub administrator (HR) to see what's going on with sub pay for this week. Based on the calls we've received, this issue seems to cover everyone in Unit 17. When we get more information, we'll get it out.

Unit 17 (PDC)- SUB Pay Update

For everyone on layoff with the PDC, the information that we have so far, below-

The Benefits Reps have been working with the HR department that handles sub pay for all PDCs and the sub administrator that handles assembly sub issues. Most requests should be showing approved at this point, or will very soon. They are working on getting these payments made by Friday. I highly doubt that this will happen though.

For future sub requests, corporate is saying the earliest that you will be able to submit for Sub pay will be Sundays; they will approve the requests that following week. We will no longer be able to submit our requests on that Saturday.

As we get more information, I'll get it out.

If anyone from the PDC gets paid sub this week, please reach out to me right away.

Thanks.
