

Monday, October 5, 2026

Morning, everyone-

If you are in the lease program, you should've received an email from Stellantis. Please make sure you complete the training modules before October 22nd.

Matt Frantzen

President

Dear Program Participant,

As we prepare to fully open 2027 Model Year (MY) ordering, please note that all recently assigned safe driving training modules must be completed before an order can be placed.

Participants who have not completed the training will see a red X in the Driver Eligibility section of the online ordering system. After completing the training, please allow up to two business days for processing. If you still see a red X after two business days, please contact us for assistance:

NBU Employees and Retirees: cocarrvbd@stellantis.com

UAW-Represented Employees: uawrvbd@stellantis.com

Please see below for the previous announcement regarding the required training:

In an effort to reinforce safe driving practices, all current program participants and those who have enrolled in the program are required to complete a series of mandatory training modules.

Each module is brief, and the entire training series can be completed in approximately 30 minutes. All required training must be completed by **October 22, 2026**.

TRAINING TOPICS

The safe driving training modules include:

- Rolling Stops and Why They Matter
- Avoiding Animal Vehicle Collisions
- Eyes Forward, Every Second Matters
- Speeding: Fast lane to Disaster

HOW DO I COMPLETE THE TRAINING?

On Tuesday, September 22, you will receive an email from Element Driver Services when the training series has been added to your profile on the DriverCare website and is available.
