Morning, everyone-

You may have received a postcard months ago notifying us of a lawsuit (Featherstone v. FCA US) that was brought against FCA. Yesterday, letters were being received by many of the members containing two checks. These checks are being paid out based on the decision reached in court with FCA. I have attached a copy of one of the top portions of one of the checks I received and what I could find online. I have asked International for more information about the case. I don't have anything currently other than what I have below. There are more links online if you'd like to do more digging into this.

When I get more information, I will get it out to everyone.
