New for 2026 Tax forms -

You may now elect to receive Electronic only tax form.

Make an election now to opt out of Mailed W2 forms.

This new option supports our green initiative and helps keep your sensitive information out of the US Mail system.

Next Steps:

Review instructions for electronic consent

Visit ePay W2 page to take action

The links are also available on the HUB/Work & Life/Pay & Savings under "Good to Know".

You may change your election at any time - and if you are not active in the HR system during the W2 tax generation - your election will revert to Mail.
